**** Last few units available ****New release of apartments with a total of twenty two 1 and 2 bedroom properties distributed in three blocks. Most properties have a parking space and storage room. The different property types and sizes allow you to choose the option that best suits your needs and lifestyle. Furthermore, the properties are distributed mainly towards the southeast and southwest, making the most of the natural light and offering bright and welcoming environments. All of them have stunning views of the sea, surrounding countryside and the Embalse de la Concepción reservoir. The development is blessed with a strategic location, a short distance from the IstÄ±n A-7176 road,...(Ask for More Details!)
