A unique project on the Costa del Sol. Its privileged location and south-facing, semi-circular architectural design complements its surroundings. The well-defined structures and simple lines create an unmistakable appearance, giving the residential complex character, as well as unity and cohesion with the surroundings. This project offers us a residential habitat surrounded by gardens and defined by the most avant-garde architecture. An exceptional development of 80 properties in a complex of almost 10,000m². The development has 2 and 3-bedroom flats, all with large terraces and a communal sundeck area where you can enjoy the stunning sunsets over the Mediterranean. All the properties have a storeroom and parking place for your convenience....(Ask for More Details!)
